Ash Pond System – Annual EAP Participant Meeting Log
(Page 2 of 2)

Name of Dike: Eagle Valley Generating Station - Ash Pond System

Date of Meeting: 12/11/2023 Annual EAP Meeting/Review

In accordance with 40 CFR 257.73(a)(3)(i)(E), the annual meeting/review between AES Indiana’s (formerly IPL) internal EAP organization and local emergency responders was completed via email correspondence and in-person site meeting for the Eagle Valley Generating Station on the preceding date. The following topics were discussed:

ANNUAL EAP PARTICIPANT MEETING NOTES

Discussed through emails, in person conversations and a site tour the contents of the EAP. The EAP had been sent to Morgan County EMA for review on 10/30/2023. An in-person meeting took place on 12/11/2023. It was noted in the meeting that there have been no changes to the EAP or site conditions other than the recent hiring of a new site environmental analyst. No other revisions were required to the EAP based on the review.

Noted that ash has not been sluiced to the ash ponds since 02/2016 when the new CCGT facility was constructed. Noted that all ash ponds have been dry since early 2018.
