

Plan ahead now for
high summer usage

Summer months are on the way bringing higher temperatures and more energy usage. The time to plan is now. We're here to help prepare you for higher energy usage and higher bills with ways to save before the summer heat arrives.

Visit aesindiana.com/understanding-usage to learn how to understand your bill, track energy use, and discover ways to save.

Stay cool and save with CoolCents®

Use less energy this summer while staying comfortable and get rewarded for it. Enroll in AES Indiana's CoolCents® program and earn a \$5 bill credit each month, June through September (up to \$20 total). A smart thermostat is required, and free options may be available for qualifying homes.

Don't have a smart thermostat? Schedule a free home energy assessment to see if you qualify to receive one!

Enroll in
CoolCents® today!
