The screenshot shows the 'Monthly Bill Calculator' interface. At the top, there's a blue header with the title. Below it, a dropdown menu is set to 'August 2026'. A note indicates the valid billing periods for August 2026. The main content area has two sections: 'BILLING PERIOD' and 'RATE CODE & USAGE'. The 'BILLING PERIOD' section has input fields for 'Start Date' and 'End Date', both with placeholder text 'Select start/end date' and a note 'Must be 06/30/2026 - 07/30/2026'. The 'RATE CODE & USAGE' section has a 'Rate Code' dropdown set to 'RS --- Residential Service' and a 'Green Power Initiative Enrollment' dropdown set to '0% --- Not enrolled'. Below these, a blue box contains a note about standard residential service charges. There's also a 'Tax Exempt Account' checkbox and a note about Indiana's 7% utility sales tax. At the bottom, there's a 'kWh Used' section with a slider ranging from 0 to 2,000 kWh, currently set at 850 kWh, with a note to 'Adjust your usage to see how it affects your bill'.

Monthly Bill Calculator

BILLING MONTH: August 2026

August 2026 - Valid billing periods: start 06/30/2026-07/30/2026, end 07/31/2026-08/28/2026.

This tool calculates August 2026 bills using new rates implemented July 27. Comparisons may vary based on the dates of your billing period.

BILLING PERIOD

Start Date *
Select start date
Must be 06/30/2026 - 07/30/2026

End Date *
Select end date
Must be 07/31/2026 - 08/28/2026

RATE CODE & USAGE

Rate Code
RS --- Residential Service

Green Power Initiative Enrollment
0% --- Not enrolled

Standard residential service. Customer charge: \$12.50 (<325 kWh) or \$17.00 (>325 kWh). Energy: first 500 kWh @ \$0.1254, remainder @ \$0.1136.

☐ Tax Exempt Account
Check if this account is exempt from Indiana 7% utility sales tax (e.g., government, religious, or qualifying nonprofit entities).

kWh Used
Adjust your usage to see how it affects your bill

0 kWh 2,000 kWh

e.g. 850 kWh

September is National Preparedness Month

Severe weather can happen any time of year, sometimes causing power outages and other disruptions. Taking a few simple steps now can help you stay safe, protect your family, and be better prepared when storms impact your community.

AES Indiana urges customers to use these safety resources to stay prepared for storms year-round.

Learn more at aesindiana.com/safety-tips

Be prepared: Each home needs an emergency storm kit with at least 72 hours of essentials. Make sure everyone in your household knows where it is.

Plan ahead for an outage: Decide where your family will go and how you'll stay in touch. Charge your devices before a storm hits. Have a backup plan if your special medical care requires electricity.

Respond during an outage: Report your outage online at aesindiana.com/outages or at 317-261-8111. Track your outage status on AES Indiana's outage map.

Stay safe: Stay away from downed power lines and assume all lines are energized. AES Indiana crews will work safely and quickly to restore your power.
