Large Commercial & Industrial customers on rates SL, PL, PH, and HL with a minimum monthly peak billing demand of 1,000 kW at a single service and any customer subsidiary services on other rates.

DEFINITION OF GREEN POWER

Green Power includes energy generated from renewable and/or environmentally friendly sources, including:

Wind, Solar Photovoltaic, Biomass Co-firing of Agricultural Crops and All energy crops, Hydro – as certified by the Low Impact Hydro Institute, Incremental Improvements in Large Scale Hydro, Coal Mine Methane,

Issued Pursuant to
Cause No. 46258
Effective
July 27, 2026
Indiana Utility Regulatory Commission
Energy Division

STANDARD CONTRACT RIDER NO. 21 (continued)

Landfill Gas, Biogas Digesters, Biomass Co-firing of All Wood Waste including mill residue, but excluding painted or treated lumber.

Green Power includes the purchase of Renewable Energy Certificates from the sources described above.

GREEN POWER FLEX PROGRAM

Customers may voluntarily purchase a fixed percentage (25%, 50% or 100%) of their electricity from a renewable energy source. Commercial and Industrial Customers may also choose to purchase 10% of their electricity from a renewable energy source. For all Green Power kWh purchased per month, a rate of $0.002700 per kWh will be assessed.

GREEN POWER TERM PROGRAM

Customers may voluntarily contract with the Company for a three (3) year term to purchase a fixed amount of Company-owned RECs to be retired on their behalf. The price of this program is set at the time the contract is executed. The price of this program includes the price to acquire Company-owned RECs, the price to replace said Company-owned RECs with market RECs, administrative costs, and financing costs as needed.

GREEN POWER CUSTOMER PROGRAM

Customers may voluntarily contract with the Company for a three (3) to five (5) year term to purchase a fixed amount of Company-owned or market-based RECs to be retired on their behalf. The price of this program is set at the time the contract is executed. The price of this program includes the price to acquire Company-owned RECs, the price to replace any Company-owned RECs with market RECs, administrative costs, and financing costs as needed.

NET MONTHLY BILL

Customers who participate under this rider will be billed for electric service under all standard applicable tariffs including all applicable riders.

For the Green Power Rate program, the customer’s monthly bill will consist of the sum of all kWh billed at the applicable rate tariffs, including all applicable riders, and the agreed to fixed percentage of Green Power kWh billed at the applicable Green Power Rate.

For the Green Power Term and Green Power Custom programs, the customer’s monthly bill will consist of the sum of all kWh billed at the applicable rate tariffs, including all applicable riders, and the contractually agreed upon charges related to their program participation.

STANDARD CONTRACT RIDER NO. 21 (continued)

TERMS AND CONDITIONS

1. The customer may enroll as a Green Power Flex participant by written agreement, by telephone or through the internet and shall specify the fixed percentage of Green Power kWh. In the event no percentage is specified by the customer, 100% of the monthly kWh usage will be enrolled. Customers wanting to participate in the Green Power Term or Green Power Custom programs must execute the participation agreement before participation can begin. If the Customer requests to terminate participation, after Notice to the Company, the Customer's participation will terminate at the end of the current billing cycle.

2. Funds from the Green Power Flex program will be used to purchase Renewable Energy Certificates from renewable and environmentally friendly sources as described in the DEFINITION OF GREEN POWER section and for marketing and administrative costs of the Green Power Program.

3. Renewable Energy Certificate ("REC") shall mean tradable units that represent the commodity formed by unbundling the environmental attributes of a unit of renewable or environmentally friendly energy from the underlying electricity. One REC would be equivalent to the environmental attributes of one MWH of electricity from a renewable or environmentally friendly generation source.

4. Company may transfer RECs at the prevailing market price to any third party.

5. Company reserves the right to terminate the Rider after giving thirty (30) days notice to participating customers.

6. Company reserves the right to periodically revise the rate of the Rider, subject to approval of the Indiana Utility Regulatory Commission, based upon the price and availability of RECs and administrative and marketing costs.

7. This rider is subject to the Company's Standard Terms and Conditions of Service and all provisions of the rate scheduled under which this customer takes service, including all payment provisions. The Company may deny or terminate service under this rider to customers who are delinquent in payment to the Company.

8. The proceeds of the Green Power Term and Green Power Custom programs, net of administrative fees, will be used to offset the cost of Standard Contract Rider No. 6 (Fuel Cost Adjustment) for all customers.
