

The benefits of Budget Billing

Don't be caught off guard with a high energy bill this winter! AES Indiana's Budget Billing allows you to plan your payments over the course of the year, giving you the stability of paying the same amount each month. With Budget Billing, you know what to expect, making it easier to plan your budget and pay your electric bill on time, every time.

It's simple and free

AES Indiana will calculate your estimated yearly energy cost by looking at last year's energy use and factoring in weather and price forecasts. With Budget Billing, you pay the same amount for 11 months and then we "true up" your account in month 12. In the 12th month we will settle up with either a credit or balance due. Seasonal adjustments throughout the year help avoid surprises.
