

Planning our energy future, together

Every three years, AES Indiana submits an Integrated Resource Plan (IRP) to the Indiana Utility Regulatory Commission that identifies a forward-looking 20-year portfolio of generation that provides safe, reliable, and affordable energy to our more than 512,000 customers. This process is an important component of our strategic objective to maintain reliability and affordability while driving lower carbon emissions. As a valued customer, we want to keep you informed of the process and invite you to join us for one of our public advisory meetings.

Our next public advisory meeting will take place virtually on Tuesday, April 12, 10AM - 3PM.

Event registration and meeting materials are available at aesindiana.com/integrated-resource-plan.

Join CoolCents® and get a FREE smart thermostat!

Cooling your home during the spring and summer uses a lot of energy. Get ahead of high-energy cooling this season by enrolling in CoolCents. Plus, when you enroll today, you'll get a FREE smart thermostat.

CoolCents by AES Indiana keeps you comfortable while optimizing your energy usage – automatically! By participating in a handful of automatic (but optional) every-saving events this season, you will help us keep energy costs affordable, reduce your carbon footprint, and make our energy system more efficient.

Enroll in CoolCents today and get a FREE Sensi smart thermostat while also receiving a monthly bill credit of up to \$20 (June-September).

Offer is available with free installation by visiting install.aesindianamarketplace.com.

Already own a smart thermostat? CoolCents has rewards for you, too!

Learn more and enroll today by visiting: <https://www.aesindiana.com/coolcentsr-air-conditioning-management>

April is National Safe Digging Month

The weather is warming up and so are many outdoor activities such as landscaping and home improvement projects that often include digging. April is National Safe Digging Month, a time to remind residents to always call 811 before any digging project. Underground utility lines can lie just inches below the surface under streets, sidewalks and private property, so it's important to know where they are before digging. When homeowners contact 811, utility companies will mark the

locations of underground lines – free of charge – to prevent any damage and to keep you safe. For more information or to submit an online locate request, visit indiana811.org.

Discount tickets for the 65th annual AES 500 Festival Parade

Join us on Saturday, May 28, for Indy's biggest race weekend celebration where thousands of Parade participants come together for an epic show on the streets of downtown Indianapolis. The 65th annual AES 500 Festival Parade features larger-than-life floats, massive helium balloons, marching bands, performers, celebrities and the 33 starting drivers of the 106th Running of the Indianapolis 500.

To receive \$5 off your bleacher, front row or second row ticket, visit 500festival.com/parade/parade-tickets and enter the code **AES22**

Don't miss this **unforgettable experience!**

AES Indiana and **the environment**

AES Indiana supports many events throughout the community that foster the preservation and protection of our natural resources. Here are just a few:

AES Indiana celebrates Arbor Day with our annual Indy Free Tree event. Since 2008, AES Indiana has worked with community partners to give away 11,000 trees. Join us this year for Indy Free Tree on Friday, April 29, beginning at 11AM on Monument Circle. Be one of the first 800 people and get your free tree. First-come, first-served. Limit one per family.

Earth Day at the J is Sunday, May 1, 1-4PM, on the front lawn and parking lot of the Max and Mae Simon Jewish Community Campus, 6701 Hoover Rd. Join us for free hands-on activities and interactive demonstrations. This Earth Day and every day, AES Indiana is proud to accelerate efforts toward cleaner, more efficient and cost-effective energy solutions for our customers.
