

Ash Pond System – Annual EAP Participant Meeting Log
(Page 2 of 2)

Name of Dike: Eagle Valley Generating Station - Ash Pond System

Date of Meeting: 11/8/2021 Annual EAP Review

In accordance with 40 CFR 257.73(a)(i)(3)(E), the annual meeting/review between AES Indiana's (formerly IPL) internal EAP organization and local emergency responders was completed via email and telephone correspondence for the Eagle Valley Generating Station on the preceding date. The following topics were discussed:

ANNUAL EAP PARTICIPANT MEETING NOTES

Discussed through emails and phone conversations the contents of the EAP. The EAP had been sent to Morgan County EMA for review on 10/8/2021. Phone and email correspondence on 11/8/21 did not indicate that a site visit was necessary as there have been no changes to the EAP or site conditions. No revisions were required to the EAP based on the review.

Noted that ash has not been sluiced to the ash ponds since 2/2016 when the new CCGT facility was constructed. Noted that all ash ponds have been dry since early 2018.
