

**SAMPLING AND ANALYSIS PLAN (SAP) APPROVAL SHEET
GROUNDWATER MONITORING AT HARDING STREET STATION
INDIANAPOLIS, INDIANA**

This Sampling and Analysis Plan (SAP) has been prepared in general accordance with the requirements set forth in Title 40 of the Code of Federal Regulations (CRF), Chapter §257.90, Subchapter §257.91 – Groundwater monitoring systems and 329 IAC 10-29-2 for Type I Restricted Waste facilities in Indiana.

Steven M. Stanford, LPG, Environmental Practice Group, Granger Operations Manager

Michael B. Maxwell, LPG, Environmental Practice Group, Chicago Operations Manager

I hereby certify that this Sampling and Analysis Plan was prepared under my review by Weaver Consultants Group North Central, LLC personnel with appropriate training and experience working under a system designed to provide true and accurate information. Based on my review of this plan and inquiry to the persons responsible for the preparation of this plan and construction of the groundwater monitoring system, I find that the groundwater monitoring system described herein has been designed and constructed to comply with the requirements of 40 CFR §257.91.

Bryan de Varona, P.E., Senior Project Manager
