

For your congregation

Religious buildings energy efficiency solutions

Have faith in energy efficiency

Good news: Your religious organization may qualify for AES Indiana's Small Business Direct Install program. By improving your worship facility's energy efficiency, we can help you reduce operating costs, provide a safer and more comfortable space for your congregation, and set an example for your community.

Get started with no-cost upgrades

Our Small Business Direct Install program provides organizations like yours complimentary energy-saving upgrades, generous rebates for additional improvements and expert recommendations on how to save even more.

It all starts with a free on-site energy assessment from our professional staff. The assessment lasts 1-2 hours and can help [save you around \\$670 a year*](#) on energy costs. We're happy to work around your busy schedule – make an appointment today and we'll help you find a solution that works best for you and your congregation.

Getting started is easy

Call [317-829-9154](tel:317-829-9154) to schedule your free assessment today, or discover more at aesindiana.com/smallbiz.

Eligibility

To participate, you must be an AES Indiana business customer with a qualifying Rate Code at the location of installed equipment. The AES Indiana Small Business Direct Install program is administered on a first-come, first-served basis. Availability of specific energy-saving measures may vary.

**Energy savings calculated at estimated utility rate of \$0.09/kWh.*

***Available for systems with electric hot water heaters.*

Complimentary items may include:

- LED lamps
- LED exit signs
- Occupancy sensors
- Weather stripping
- Pre-rinse spray valves**
- Faucet aerators**
- Water heater pipe insulation**

Benefits of an on-site assessment:

- Save an average of \$670 a year*
- Reduce maintenance needs
- Improve lighting quality with no fluorescent flicker
- Enhance your building's comfort and safety
- Help preserve the earth's natural resources
